FOR IMMEDIATE RELEASE

October 1, 2021

Silent Key: Blake T. Haskell

It is with great sadness that we mourn the loss of a colleague and great friend, Blake T. Haskell, who passed away peacefully on September 30, 2021. Blake began his career with Boston EMS before transitioning to the City of New York, Office of Telecommunications Control.

He later held a positions with various cellular technology organizations before founding J.D. Hunter, Inc in Hull, Massachusetts. With his newly founded company, Blake built a legacy helping organizations with site acquisition, development, and management. His legacy continued as he built friendship and friendship in the 911 field, with his positive attitude and demeanor. Blake held clients with his business around the country and would share his knowledge and expertise through lectures at several conferences and seminars held in the public safety communications field.

In his free time, Blake served as a District Emergency Coordinator Liaison for Eastern Massachusetts American Radio Relay League, following his love and passion for radio communication and technology. Blake helped Eastern Massachusetts ARRL form relationships with many different public safety agencies, helping cement a positive relationship between public safety and community volunteers.

The Executive Board of the Massachusetts Communications Supervisors Association offers its sincerest condolences to the friends and family of Blake. He will forever be remembered as a great friend to many of us and will forever be in our hearts and memories.

Sincerely,

Charles R. Goodwin
President
